GO Biological Processes − PDAC Epithelial Tumor Cells
viral process
protein localization to cell periphery
protein localization to plasma membrane
viral life cycle
electron transport chain
cell−cell junction organization
biological process involved in interaction with host
movement in host
respiratory electron transport chain
regulation of protein localization to cell periphery
ATP synthesis coupled electron transport
mitochondrial ATP synthesis coupled electron transport
aerobic electron transport chain
regulation of protein localization to plasma membrane
positive regulation of protein localization to cell periphery
